

A COMMON POINT
BETWEEN BRAMPTON,
TORONTO & VAUGHAN.

HOME IS WHERE HAPPINESS GROWS

POETRY LIVING OFFERING MORE

As the residential arm of HBNG Holborn Group, Poetry Living has been developing high-quality low-rise communities in the GTA and Southern Ontario since 2014. As part of HBNG, Poetry Living benefits from the expertise of our associated companies. Every aspect of the Poetry Living experience is designed to offer home buyers peace of mind and a fantastic customer experience.

We chose the swan as our symbol because this stunning creature perfectly embodies what a Poetry Living home is: elegant, dignified and unyieldingly strong. Every aspect of the Poetry Living experience is designed to offer home buyers peace of mind and a fantastic customer experience through the five core values our company has been built upon: honesty, hard work, perseverance, joy and generosity.

Smart Is The New Standard.

POETRY LIVING

BACK-TO-BACK, REAR LANE & DUAL FRONTAGE TOWNS 30’, 33’ REAR LANE & 42’ SINGLES

EXTERIOR DETAILS OF QUALITY CONSTRUCTION

1. Architecturally selected clay brick and complimenting modern smooth face stone as per model type. Detailing may vary from Artist’s concept and are subject to grade conditions.
2. Engineered flooring system on the ground and second floor (excluding landings), to reduce squeaking and warping causing humps.
3. Poured concrete basement floors and foundation walls with damp proofing, weeping tiles and drainage membrane to walls.
4. Fully drywalled garage walls (skim coat and primed) excluding concrete or block walls.
5. Steel insulated garage to house access door installed with dead bolt and safety closer, if grading permits.
6. For economical heating, the home will be insulated in accordance with the current Ontario Building Code, specifications including expanding foam insulation to all garage ceilings and around all windows and doors.
7. All homes feature 9’ ceilings on ground and second floors for Single-Detached Homes, 9’ ceilings on ground and second floors and 8’ ceilings on third floors for all Towns (excluding bulkheads and low areas due to structural or mechanical details). Many designs have double height features, vaulted and cathedral ceilings as per plan.
8. Convenient cold cellars with vent chamber and switched interior light, as per plan if grade permits.
9. Covered porches & porticos enhancing select elevations.
10. Maintenance free pre-finished aluminum soffits, fascia, eaves trough, downpipes and siding – all architecturally designed and approved.
11. Colour coordinated self-sealing asphalt shingles. Accenting metal roof details as per plan.
12. Aluminum exterior railings for both porch (where required by building code) and decorative applications.
13. Vinyl thermo pane casement windows throughout featuring mullions on front elevations as per plan. All door systems include weather stripping.
14. Vinyl horizontal basement windows (30”x16”) with window wells as required.
15. Tasteful municipal address plaques provided.
16. Fully sodded lot, with precast concrete slab walkway from driveway to front porch.
17. All lookout or deck lot grade conditions will receive a standard deck with steps to grade. Walkout lot grade conditions will receive a Juliet guard on main floor access doors to rear yard. Standard grade lots will receive precast (steps) on ground floor access doors to rear yard.
18. The basecoat paving is included at no extra cost, however the topcoat paving (installed one year after the base) shall be charged on closing in the amount of \$800.00 for a single driveway and \$1,300.00 for a double driveway.

ENERGY EFFICIENT FEATURES

1. All Homes feature an HRV System (Heat Recovery Ventilator) – distributing fresh air throughout the home.
2. Programmable Electronic Thermostat in order to better regulate temperature distribution over non-peak time. Thermostat also controls hot water tank.
3. Low-flow toilet system featured throughout all baths.
4. Sealed basement ducts – this practice significantly reduces heat loss at duct joints.
5. MOEN Eco-Performance showerheads.
6. Steel insulated roll-up garage door, complete with decorative glass panels aiding in the reduction of lumber usage and assisting to provide an insulated element within the garage area.
7. Expanding foam insulation applied around all windows and doors for draft prevention.

DISTINCTIVE INTERIOR FEATURES

1. Electric fireplace in family/great room complete with mantel surround as per plan.
2. Where applicable, interior column profile shall be square. All art niches to have MDF ledge as finished detail as per plan.
3. 4-1/4” Colonial baseboard with 2-3/4” casing throughout finished areas (excluding unfinished basement). All arches on ground floor for Single-Detached Homes and second level for all Towns to be trimmed.
4. All interior passage sets and closet doors will be standard height – 2-panel square top smooth finished profile in finished areas (excluding unfinished basement). Excluding cold cellar and steel exterior doors (front or garage door).
5. Satin nickel lever hardware and hinges throughout all interior doors.
6. Natural varnished oak veneer staircase throughout, complete with oak strip hardwood on landings, excluding basement.
7. House to receive oak handrail and newel post, with 1-5/16” wood pickets as per plan. All upper hallways to receive natural finish oak nosings complete with oak stringers (side of staircase).
8. All interior trim and doors are painted classic white with interior walls to be painted white.
9. Professional home cleaning prior to occupancy, including windows and furnace/duct system.
10. Stippled ceiling with 4” smooth border throughout entire home (where smooth ceilings do not apply). Kitchen, bathrooms and laundry to receive smooth ceilings in finished areas.
11. Wire shelving in installed in all closets.
12. One interior low VOC paint colour throughout.

KITCHEN, BATHS & LAUNDRY

1. All Kitchens feature extended upper cabinets. Islands, pantry and extended breakfast bars as per plan with your choice of doors from Builder’s standard samples.
2. All homes to have Builder’s Level 1 granite with 3/4” straight edge countertop without bullnose or counter backsplash in kitchen. Bathroom and laundry room to receive laminate countertops.
3. Provisional rough-in for future dishwasher (electrical run from panel to underside of dishwasher space in basement).
4. Durable stainless steel undermount sink with MOEN single-lever pull-out faucet in kitchen.
5. Premium single-lever low-flow MOEN faucets featured throughout all bathrooms, including powder room.
6. A wide assortment of 13”x13” contemporary ceramic tile flooring in foyer, mud room, kitchen, breakfast area, laundry room and bathrooms as per plan.
7. 8”x10” ceramic wall tiles installed in combination tub and shower enclosures up to but not including ceiling.
8. Framed shower enclosure in master ensuite. Drywall enclosed showers to receive fully tiled walls, including ceilings.
9. Mirrors over vanities in all bathrooms, including powder room.
10. Exhaust fans in all bathrooms.
11. All bathroom tub and shower enclosures to receive mould resistant drywall board.
12. Stand alone soaker tub with MOEN deck-mounted faucet as per plan.
13. Marble threshold and jambs in all shower stalls.
14. Due to the variety in client tastes, bath accessories (towel bars and toilet paper holders), are not provided.
15. Laundry room to include white drop-in laundry tub including base cabinet and laminate countertop or standalone laundry tub with taps as per plan.

FLOOR COVERINGS

1. 3” wide prefinished engineered hardwood in natural finish throughout main level for Single-Detached Homes, excluding tiled areas. Laminate flooring on ground and second level for all Towns, excluding tiled areas.
2. Quality broadloom carpet with quality underpad on second floor living areas and bedrooms for Single-Detached Homes and third level living areas and bedrooms for all Towns, except tiled areas. Choice of one colour.

3. A wide assortment of imported 13”x13” contemporary ceramic floor tiles on ground and second floors in indicated tiled areas.
4. Imported 8”x10” ceramic wall tiles installed in combination tub, and shower enclosures up to but not including ceiling. If upgraded, glass shower stalls purchased are to receive tiles on wall only, excluding ceiling.

MECHANICAL SYSTEMS

1. All Poetry Living homes feature an HRV System (Heat Recovery Ventilator) – distributing fresh air throughout the home and minimizing poor air contaminants.
2. Forced air Hi-Efficiency gas furnace (location may vary from plan and shall be moved to optimize performance at Vendors discretion).
3. Flexible water pipe solution using PEX (polyethylene) to reduce noise erosion and eliminate solder contaminants within plumbing system.
4. Exhaust fans installed in all finished bathrooms.
5. Two exterior hose bibs are provided, one at the rear (or side) and one in garage. Back-to-back townhomes to receive one exterior hose bib located in garage.
6. Laundry tub includes hot/cold water connections.
7. Classic white plumbing fixtures for all bathrooms complete with shut off valves.
8. All shower areas to receive the comfort of pressure balance control valves.
9. All sinks and toilets to include separate shut-off valves.
10. Ductwork sized to accommodate future air conditioning.

ELECTRICAL

1. Ceiling fixtures in all bedrooms, hallways, mud room/area, foyer, kitchen, breakfast area, den, hobby room, living room, dining room, and family/great room. Bathrooms to receive wall-mounted light fixture over vanity, excluding powder room.
2. 100-amp electrical service with breaker panel and copper wiring throughout.
3. 220-volt Heavy-duty receptacle for dryer.
4. Two exterior weatherproof electrical outlets, one at front porch and one at rear of home.
5. One holiday receptacle for front porch, on separate controlled switch.
6. Ground fault interrupter receptacles, as per building code.
7. The security of hard-wired smoke detectors on all floors, including lower level, and one carbon monoxide detector as per code requirement.
8. White Decora switches and receptacles throughout.
9. Rough-in for future central vacuum system terminating in the basement, complete with dedicated plug in basement and garage.
10. Single switch operating all basement lighting.
11. Receptacle(s) located at ceiling for garage door opener(s) and one receptacle on garage wall.
12. Rough-in for future electrical vehicle charging station in garage.

HOME AUTOMATION

1. State of the art integrated smart home structured wiring terminating in the “Family Room”. This fully integrated home wiring system will provide the Hi-tech infrastructure for today’s technological features and expand to give you the ones you may want in the future such as home-office applications, computer local area networks, high speed Internet, fax, modem, home entertainment, digital audio/ video distribution systems and so much more. Including 1 CAT 5, 1 CAT 3 & 2 RG6 lines.

2. POETRY LIVING shall provide a personally scheduled appointment with our qualified Technical Contractor to explain and co-ordinate any additional requirements you may desire. Master bedroom and family room are pre-wired for cable TV and telephone.

 - Smart Home Remote Access + Notifications;
 - Smart Lock from garage door into home;
 - Smart Thermostat Control;
 - 2 Smart Lighting Control Switches;
 - 1 Smart Flood Water Sensors;
 - 1 Smart Automation Controller;
 - Pre-construction design consultation;
 - Onsite system configuration test and enrollment;
 - Full Smart Home system support; and
 - One-Year of 24/7 Smart Home Remote Access and Notifications included.

WARRANTY

POETRY LIVING is dedicated to achieving minimized home deficiencies. We shall achieve this through the efforts our diligent personnel and thorough Quality Assurance Practices. Given that a home is built with over 45 tradespersons, errors are often common and to be expected, however our desire is to showcase a home that both you and your family can all be proud of.

Two Year Warranty Protection

- The home is free from defects in workmanship and materials including caulking windows and doors so that the building prevents water penetration.
- Defects in workmanship and materials within the distribution of electrical, plumbing and heating systems.
- Defects in workmanship and materials, which resulting in the detachment, displacement or deterioration of exterior cladding.
- Violations of the Ontario Building Code’s Health and Safety provisions.
- Warranties are limited to the requirements established by the Tarion Corporation Plan Act.

Seven Year Warranty Protection (Major Structural)

- A major structural defect is defined in the Tarion Corporation Plan Act as;
- A defect in workmanship and materials that result in the failure of a load-bearing part of the home’s structure, or any defect in workmanship or material that adversely affects your use of the building as a home.

The Vendor shall have the right to make reasonable changes in the opinion of the Vendor in the plans and specifications if required and to substitute other material for that provided for herein with material that is of equal or better quality than that provided herein. The determination of whether or not a substitute material is of equal or better quality shall be made by the Vendor’s architect whose determination shall be final and binding. Colour, texture, appearance, etc. of features and finishes installed in the Unit may vary from Vendor’s samples as a result of normal manufacturing and installation processes. E&O.E.
